

The Prepared Familys Quarterly Checklist

Getting your family prepared for any crisis or disaster takes a lot of commitment, time and organization. This short e-book is designed for those people who have already started preparing for the unexpected. After thorough research, personal experience, and 3 years of teaching preparedness, former Navy SEAL Sniper Randy Kelley has built a quarterly maintenance practice for keeping your equipment, skills and knowledge sharp for an unknown future. Fundamentally built upon Mr. Kelleys concept design of the Twelve Domains of Preparedness, this quarterly checklist helps you build a breadth and depth in your thinking and actions. Warning: Dont buy this book if you are not action-oriented, the value of this book comes from doing!
