

## The Prince (The Rift Book 2)

Pieter has an unwanted magic sword in his life. He and his friends were given superpower-granting soul armors and charged with defending the world from a pending evil legion invasion. Only the invasion doesn't seem terribly pending, and the defending seems pretty hopeless. And time-consuming. He's ready to return to his normal life, but his girlfriend's gung-ho attitude toward the fight is creating unpleasant ripples in their relationship. Meanwhile, visitors from the other world interrupt Gloria's life and call into question everything James said about the war and their mission. Gloria and the others now need to decide which side they want to take and if taking a side is even worth it. The Prince is book 2 of The Rift saga.
