

Etsy Bookkeeping Made Easy

Do you want to keep more of the money you make selling on ETSY? Did you know Etsy has an app that can automatically import all of your sales, fees, and other information and crunch the numbers to show whether you're making a profit or loss? Did you know that same app will also import all of your information from eBay and Amazon, if you sell on those platforms? What would you say if I told you that you could save \$500 or more on your taxes every year just by writing down the mileage when you head to the post office, store, or bank? And, you'd probably think I was crazy if I told you that you could deduct parts of your next vacation from your taxes. It seems hard to believe, doesn't it? The advice in this little book can easily save you thousands of dollars every year. The question you need to ask yourself is, is it worth \$15.99 to save thousands of dollars on your taxes?
