

Shadowscape - The Stevie Vegas Chronicles

Stevie Vegas is just your average 12 year old school kid living in suburban Valley Dale, with a passion for skateboarding. He thinks his life is pretty normal...that's until he discovers he has an Illuminator with extra-ordinary mind powers. Then the Shadowcasters arrive and he's forced into a battle as ancient as time itself, one that pits Illuminators against Shadowcasters: lightbringers against demons. Stevie Vegas must find a way to steal the source of the Shadowcasters' power, the cursed stones. Only then will he have the advantage in the fight for his life.
