

Grasshoppers, Cutworms, and Other Insect Pests of 1921 1922: Being the Nineteenth Report of the State Entomologist of Montana (Classic Reprint)

Excerpt from Grasshoppers, Cutworms, and Other Insect Pests of 1921 1922: Being the Nineteenth Report of the State Entomologist of Montana

My dear Sir: I have the honor to hand you herewith my report as State Entomologist. For purposes of economy in printing no report was issued for last year (1921) and the present report covers the activities of this office for the years 1921 and 1922. It is our intention in the future to submit one report in each biennium. The county insect pest law, enacted by the last legislative assembly, has proved of much value to us in conducting campaigns for the control of grasshoppers. It will serve equally well in meeting other emergency conditions as they arise. The State Entomologists office, working jointly with county agents and aided by the county insect pest law, makes an effective system which already has resulted in much saving to the State. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
