

Hood Girls Do It Better The Hood Girls A-Z Guide To Success is a memoir and a guide. Epiphany Kendell decided to write this guide when she saw that young women in her community were lost and going through tough situations that she herself has been through. When young women were looking for advice she decided to write a guide to show them they aren't the only ones going through tough times and situations as young women. She guides them through situations and help those who haven't been through situations avoid them.
