

EST: Playing The Game* The New Way *The Game Of Life

This is the only book that EST/Werner Erhard tried to stop, in a US Federal Court. The suit failed, and the title rocketed to the #2 slot on the New York Times list, selling more than a million copies! EST has now changed its name to The Landmark Forum, but the message is still the same, and you can get it in this 2011 Revised Edition at a fraction of the cost for the theatrical experience. The book describes in detail how most people are stuck in the Fishtank Of Effect, and it shows the reader how to move upward, onto the Cloud Of Cause and in the process, assume control of ones life, and proceed to win the games you create. You will also discover how to become a true leader (guru) in your chosen field(s), the secret to healthy relationships, the successful way to handle your kids, and finally, why the author considers life to be a game. Dont miss this opportunity to get this important message before you pay big money for the actual experience!
