

For All Who Love the Game: Lessons and Teachings for Women

Harvey Penick's Little Red Book introduced millions of golfers to a national treasure - a gentle, wise teacher who has helped some of the game's greats become champions. Unique among golf teachers, Harvey has worked with, helped - and learned from - as many women champions as men. In *For All Who Love the Game*, he shares the lessons he has learned from all the women he's watched in his seven decades of teaching the game he loves. He describes the techniques that can help women gain greater power, discusses the psychological hurdles every golfer must overcome to improve their game, and gives tips for developing the parts of the game where women can and should outplay their male partners. With the same blend of sage advice and common sense that made his first two audio programs essential parts of every golfer's library, Harvey tells how every woman, whatever her athletic gifts might be, can play great golf and enjoy the game to the fullest.
