

Foreshadow (The Shadow Imperium Trilogy Book 1)

Death. That's what Rae Davenport's past contains: the untimely death of her mother and the death of all she knows. Lies. Betrayal. Nightmares. This is Rae's present. An ancient supernatural force is stalking the earth once more and haunting Rae's dreams. Everything seems centered around Andrei and Logan, the two new men in her life. She feels drawn to each in a different way, but is one her enemy? She hopes she will survive long enough to find out. *This is a previously published work.
