

Ghost Hunting 2.0: Breaking New Ground

The Most Controversial Ghost Hunting Book in Years Sheds Light on the Paranormal! Are you fascinated with the paranormal? Ghost Hunting 2.0 presents a highly controversial but effective new approach to ghost hunting leading to deeper answers. What is the next step in ghost hunting? Ghost hunters are using the same methods and tactics leading to the same outcomes. What is needed is a new way of doing things, a method that is far more effective than the old way of doing things. When Chris Bores embarked on his journey to uncover more about the afterlife through interactions with spirits, he had no idea the information he would pull from them about the spirit realm. By using a new approach that combines together psychology, philosophy, ancient texts like the Tibetan Book of the Dead, quantum physics, and more, he is able to shed light on the paranormal in a way never accomplished before. You will learn about his new approach to the spirit world, his classifications of spirits, and his journey of interacting with ghosts. Ghost Hunting 2.0 answers burning questions that have stumped researchers for years. Do spirits actually float? Do they retain their memories? Can they fall in love? The truth about residual hauntings Why cant we capture them on film? Your entire outlook of the afterlife will change after reading this book. If you have felt that the field of paranormal research has hit a wall during the last few years, then Ghost Hunting 2.0 is for you. Both ghost hunting beginners and professionals will find value in the new approach that Chris uses towards the paranormal. Ghost hunting will never be the same again!
