

## Outriders (The Birthright Project, Book 1)

A new ark. An ancient enemy. Teen warriors fighting the darkness. Delivered through the polar ice by a whale, their journey is nothing short of miraculous, their mission, nothing short of impossible. Their quest is to reclaim Gods birthright and preserve the original creation that is being mutated out of existence. This daring team roams the blighted earth. They are Outriders, young warriors who wield swords and wits to protect the birthrighter camps. When rookie birthrighters arrive from the Ark, however, the battle turns into something no one expected. Not only must they battle the merciless warlord Alrod and his horde of gigantic mutants, but a new and more powerful enemy has revealed itself, a darkness that threatens to destroy the world theyve been charged to save. Book 1 in an unforgettable series...a fantasy thriller with a heart of faith and an irresistible spirit of adventure.
