

The UN-Happy Hooker: Interracial & Desperate Love

Once again, we have twisted the arms of these three familiar romance authors and asked them to let us compile their interracial hooker stories into one great book. The tales tell the sad but realistic story of three women entering a seedy, underground world out of desperation. Amazingly, it is their own boyfriends and even husbands that push them into doing sensual things for big bucks. In the end, they have to decide whether or not the money is worth it, and whether or not their boyfriends are even worth keeping. You will certainly find the following three tales entertaining, thought provoking and maybe even disturbing, but they are behind the scene tales of realism. Such scenarios occur each and every day. These three stories have an interracial flavor and bring the ladies plight into the limelight! 1. Hooking for Hubby by Rose Kerr 2. Being His Black Barbie by Barb Dar 3. A Thousand Lovers But Only One True Love by Sally Kellbert
