

Wing Chun is one of the most popular martial arts in the world. It was made famous by Bruce Lee and his master, Yip Man. The most practiced form of Wing Chun is the Hong Kong version, which is streamlined and compact. However, older systems survive in China and one of them is the obscure art known as Fut Sao (Buddha Hand) Wing Chun. Fut Sao Wing Chun was brought to America in 1961 by Grandmaster Henry Leung, (Hong Lei, Chi Man), who learned the whole system under Great Master Gao Jhi Fut Sao. The system was passed down in America to Master Leung's one disciple, Sifu James Cama. In this book Cama sets out, for the first time, the outline of the Fut Sao system of Wing Chun Kuen. This book is special because, for the first time ever, the Fut Sao Siu Lin Tao and its two-man set are revealed. The Hei Gung set and meditation visualization practice are also detailed. The gem of the art is its internal practices which are rarely seen in Wing Chun. Chapters included: forms training, weapons, training enhancement devices, sensitivity training and internal training.
