

Get Naked, Get Real, Get Happy: Becoming Your Authentic Self is the culmination of years of reading, study, research and personal growth for Kevin Rafferty. As a life coach, Kevin has spent 15 years helping clients to improve their lives, solve problems and achieve their goals. The book is a wake-up call for those looking for more in life, and a resource for those interested in doing some soul searching and figuring out whom they want to be when they grow up. The book delves into subjects such as personal passions, values, vision/goals for the future, and life purpose. Kevin describes his book as a “workbook that allows the reader to capture their most intimate thoughts about whom they truly are, what they want out of life, and what defines a life lived with meaning according to their own definitions.” “Going through the exercises in the book can help people find their own authenticity and feel empowered to live happy, productive and fulfilling lives,” Kevin shares. “True personal happiness doesn’t lie in material wealth, but in accepting who you are as a person and identifying your life’s true purpose.”
