

Grounded (The Grounded Series) (Volume 1)

Alyssum Bracken sets out in search of Jensen Burkhardt After a longtime feud over copper between the Gremalian and the Gobel races, she hopes he has inherited his fathers legendary abilities as tensions rise to a breaking point. But when she finds him in faraway New York, Alyssum discovers she didnt reach the handsome gremlin first. Aric, a rival goblin, is already ensconced in Jensens life. However, Aric Bramble isnt the enemy Courageously risking exile to save both races from a bloody war, the unlikely trio decide to work together. A forbidden friendship with Aric, a first love with the noble Jensen, while juggling her father, their leader, the prejudice of her people against the Gobel and Arics people trying to kill them all might be too much for Alyssum to handle. Jensens strength is the one thing keeping Alyssum grounded, but will their relationship be threatened by her friendship with Aric? Will any of them even survive the coming conflict? Alyssum isnt sure but shes going to try.
