

## Haunted Guthrie, Oklahoma (Haunted America)

A Victorian district frozen in time, Guthrie was the first territorial and state capital of Oklahoma, and many of its former residents still wander some of its majestic brick buildings. Outlaws and cultists haunt the infamous Black Jail, the states first territorial prison. Once a bustling neighborhood, the houses of the overgrown Elbow now stand in ruins. Secrets remain at the famous Masonic Temple shrouded in mystery, and a lonely girl wanders the railroad in search of her beau who never returned home from the Great War. Oklahoma Paranormal Association co-founder Tanya McCoy and Oklahoma historian Jeff Provine invite you to explore these and many more spine-chilling accounts from one of Americas most haunted cities.
