

Haunted Historic Colonial Williamsburg Virginia: with Breakthrough Ghost Photography

Join ghost photographer and researcher Tim Scullion on a two-year tour of Colonial Williamsburg, Americas haunted historic city of ghosts. Visit 43 creepy locations where Scullion describes his paranormal odyssey to capture and explain each apparition, a bit of historical and paranormal background of the building it appears in or over, and insights about these ghostly beings that he has learned from careful observation. With more eighteenth-century buildings and homes than any other place in America, Scullion has learned the secret to consistently capturing ghostly apparitions of all kinds on camera. Examine 230 paranormal images that are beautiful, ugly (if not horrifying!), bizarre, and defy explanation. He also provides historic accounts, ghost sightings, and narrative, insights, and introspection for each location. Colonial Williamsburg is a hotspot for ghosts!
