

Hearts Desire

One touch. One look from Morgans hypnotic eyes and Skye cant deny the magnetic pull. High school senior, Morgan Raines was used to change, whether it was transferring to a new school or shifting into a were-jaguar under the full moon. Starting over didnt bother him, but finding his mate pinned to her locker by her loser ex-boyfriend does. Will turning furry during the full moon send her running scared or into his arms? *newly edited and new e-cover 01/2015
