

Intertwining Souls: The Ballad of Bronwyn and Bowen

Long ago, the kingdom then known as Kaladria descended into darkness. Madness and ruthlessness ran rampant and magic, the ultimate gift, was used for personal gain. In the year 310, a prophesy was put forth that told of the coming of the Intertwining souls. It spoke of those who would lead the kingdom back to its former glory and lend spark to a revolution that would be remembered for centuries. That time is now. Intertwining souls: The Ballad of Bronwyn and Bowen, is a story of two young people, siblings, separated when children. It is a story of magic, a corrupt and ruthless king, a prodigal prince and the innate spirit human beings possess to stand up and fight for what is good in the world. A story of redemption, it chronicles a change in a mythical world on the cusp of revolution. This is the beginning. This is the moment when things begin to change. This will bring a new age.
