At sixteen, Wendy Redbird Dancing flies her freak flag high; shes a scary-smart white girl with a hippie mom, a missing father, and a rarefied Michael Jackson obsession. But one black girl reaches out Tanayand she and Wendy forge a friendship to help her fight back. Her mothers new boyfriend, Shaye, turns out to be decentnot the usual sleaze, but instead, a charming and attractive guy. As he gains her trust, Wendys crush ignites, and her hopes for a stable future soar. When Shaye starts flirting, Wendy is flattered but confused. When things take a terrible turn, she must go underground, waiting for the day she can escape to London for Jacksons final tour. All seems lost when the King of Pop dies. But Wendy suddenly hears his ethereal voice, offering guidance and sending her west. Is St. Michael now the only one she can trust?
