

Hubble Reveals Creation by an Awe-Inspiring Power

Discoveries made by the Hubble Telescope offer Real Scientific Proof for the Existence of God! Have you ever wondered; does an Intelligent Creator really exist, and is there any real scientific proof that he does? Hubble Reveals Creation by an Awe-Inspiring Power is an inspirational, four-time award winning book that answers that question. It shows in detail how the world famous Hubble telescope scientifically confirms the existence of an intelligent, and imaginative Designer, and proves that He is the incomprehensible power behind the Universe! Presented in simple layman terms, is an intellectually compelling case that the order of the universe was a planned action, and not a random event. This book is based on the scientific discoveries of the Hubble telescope over the past two decades. It takes you on a faith strengthen, inspirational journey revealing how Hubble has captured the Greatest Cinematic Drama in human history; the creation of an Awe-Inspiring Universe! As you embark upon this inspirational journey through time, you will be Awe-Inspired by over one-hundred breathtaking images of the universe captured by Hubble. As you are drawn into this history making drama you will find yourself pondering the question; is it possible that the invention of the Hubble telescope was somehow guided by God to show us his Awe-Inspiring universe, and Incomprehensible Power?

Book

WHAT PEOPLE ARE SAYING ABOUT THIS BOOK! I am a firm believer that there is a God and that He has and does create everything, this book only confirmed my deepest knowledge of this fact, outstanding. - Shirley Johnson, MidWest Book Review
This is a fantastic book which should be in all our schools. Young and old can see for

themselves what a magnificent creation we live in. I found this to be one of those books that I couldnt put down until I had read it all. - VLH PhD
