

8 is Three Twos

Mireille and Cy have been together five months. They both feel ready to take their relationship to the next level. Briony and Grant have been there, done that and his parents think they're serious. But Chloe is embarrassed that she's never had a boyfriend, while Scarlett has had so many boyfriends she's lost count. Meanwhile, Fletcher has been waiting for the right moment to ask the right girl and then there's Tarquin. Eight young people, trying to be three couples. It's complicated. And convoluted. If anything can go wrong, it will. And it does. Is there even a chance of a Happy Ever After?
