

## Gods Way of Peace: A Book For The Anxious

In Gods Way of Peace, Horatius Bonar (1808-1889) examines the various excuses of the anxious, almost-Christian in failing to come to Christ. These excuses incorporate bad theology, love of sin, and an improper view of faith and repentance as prerequisite self-work. Bonar discusses at length law and grace, as well as the often misunderstood and misapplied doctrine of Divine Election. This work is a highly recommended read! Great care was taken in the preparation of this ebook. It includes a working, active table of contents. Soli Deo Gloria!
