

Nightmare Chronicles

Days from now, weeks, months and years later, he would always remember that fateful day, the day his team was ambushed by the humans. He remembered it well because he was the sole survivor. Captured by the humans, a demon left to spend his days in a small prison cell, perhaps never again to see the light of day, a living Nightmare. Yet, there is a glimmer of light, the human girl who refuses to leave him in the darkness alone. Love was never something he even considered, let alone falling for a human. Not until Andy made her way into his life. With a voice gentle like a lullaby and a heart so pure, Andy fascinated Nightmare. She made him feel humans weren't as bad as he believed. Maybe she is his light at the end of the tunnel. But with Nightmares determination to break free and claim his revenge, nothing and no one will get in his way. Little does he know he may have an ally in Andy's cousin that is willing to help aid his inner desire. But his vengeful state of mind just might put Andy in danger. In this dark pessimistic world what will become of this demon and his unlikely companion?
