

The Doppelganger Did It!

From the author of *The DOA Who Made It!* Here's the Rest of the Story You won't believe. Police reports and Hospital Records Validate the whole thing But... This just Can't Be! 6 years later; 10 duplicates So, was it Fate? Destiny? Spiritual intervention? Or What? This is just too impossible to even be true Replicating all of these conditions, simply isn't even plausible. What else can be said besides: duplicate-match-copy-replica-shadow? Or just... **THE DOPPELGANGER DID IT!** I, Dave Miles, never had any intent on writing a book, much less two or three of them. I was killed for a reason, and then brought-back, (even though my wife sometimes disputes it). I really think that it was good that I was returned to this earth.... Alive! But then again? Six years later, after my little incident- on the same asphalt, the same cycle, at the same time of day, with the same person dialing 911, and even treated at the same hospital. I have been given some clear revelations as to what is on the other side of what we all share, which is one last breath. Yes, it's the one thing that we do all have in common. Never was I looking for some type of exclusive position in the life after death arena, but that is where I now find myself. I am clearly nobody special, but what I experienced, I certainly know was arranged by someone somewhere so that I would be blessed by these incredible revelations and insights, which I am now writing about for anyone who is trying to get a sneak-peek into eternity.
