

Impressions: The Power of Personal Branding in Living an Extraordinary Life

Impressions is a book dedicated to helping people live an extraordinary life by introducing them to personal branding and the importance of embracing seemingly small, individual interactions. By investing in the personal branding process, every individual has the opportunity to cultivate extraordinary relationships that will enhance all areas of their life. The book includes 14 powerful chapters that will help readers develop a mindset that will open up new opportunities in their life. In the Early Planning phase (chapters #1-4), the focus is on the foundational elements necessary to understand the concept of personal branding and developing a brand vision that will guide the readers efforts moving forward. These are key areas that are designed to cultivate energy in peoples lives, as they will require readers to take the time necessary to really know the things they are passionate about. After this, the middle Implementation phase of the book (chapters #5-10) will emphasize the concepts and steps that are necessary to make the readers vision a reality through the daily decisions you make. The final Follow Through phase (chapters #11-14) will build on the Implementation phase by providing additional insights that are critical for personal branding initiatives.
