

## A Pugs \*Tail...Lulu Speaks

This is the tale of an older pug named Lulu. She has been passed from house to house and is very lonely. All she wants is a forever home. Will Lulu ever be part of a loving family? One day she gets her wish when a lady wants to adopt her. But first Lulu must learn to get along with a cast of characters, including a wildly energetic kitten and an snooty, less friendly cat named Sousa. Then there's the other pug, Mardi Gras who everyone thinks is the perfect dog. How will she fit in?
