

Inner Path Leadership: Exploring the Spiritual Demands of a New Century

In a wide-ranging dialogue between Rabbi (teacher) and Youth (our inquiring nature), Mr. Sincock explores our current worldview and the essential changes in thinking and behavior required for success and fulfillment in the next century. Leadership is explored as an inside-out process, as a capacity to see and respond to an ever-changing environment and in taking initiative and responsibility in one's life and relationships. A hopeful and engaging journey for the reader.
