

# Left Behind?: The Facts Behind the Fiction: A Companion Guide

This study guide is designed primarily with small groups in mind. In concert with the book, it will help readers explore alternative understandings of Scripture passages that have been linked to the end times including the books of Revelation and Daniel. It will encourage and enable readers to think more deeply about the implications of various end times views, and it provides specific perspectives that challenge the end times views espoused by the best-selling fiction series. It can also be used for individual study.
