

## One Bible...and Yet, So Many Beliefs

Many people base their religious convictions upon the words of Scripture. As a matter of faith, they believe the Bible reveals Gods truth to mankind. However, despite the fact that so many turn to Gods Word for direction, the numerous doctrines that have been derived from its pages are incredibly diverse, and often conflicting. Does God really care how we receive the inspired words of Scripture? Do certain beliefs conflict significantly with Gods Word? If so, does it matter? One Bible...And Yet, So Many Beliefs offers frank consideration of the role of the Bible and what constitutes legitimate biblical interpretation, particularly when considering the theological issues of spiritual gifts, election, and baptism. This is a must read for everyone who takes biblical doctrine seriously.
