

A Perception of Dreams (The Tabitha Hale Saga Book 1)

Dark, disturbing dreams could be considered normal for a fifteen year old girl who has lost both of her parents, but Tabitha Hale is anything but normal. She believes she is all alone in the world, except for her cat, Ivy, and her best friend, Emma, and is shocked to discover the existence of a grandmother she never knew about. Determined to meet her grandmother and uncover the truth of her parents deaths, she leaves the only home shes ever known behind. Along the way, she discovers great friends and a greater enemy on a dangerous journey of self-discovery which will end where it started in her dreams.
