

Last Years Mistake

Is there anything that electric chemistry cant overcome? The past may be gone, but love has a way of holding on in this thoughtful romance (School Library Journal) told in alternating Before and After chapters. The summer before freshman year, Kelsey and David became inseparable best friends until the night a misunderstanding turned Kelsey into the school joke and everything around her crumbled, including her friendship with David. So when Kelseys parents decide to move away, she cant wait to start over and leave the past behind. But Davids not quite ready for her to leave. Now its senior year and Kelsey has a new group of friends, genuine popularity, and a hot boyfriend. Her life is perfect. That is, until Davids family moves to town. Old feelings bubble to the surface and threaten to destroy Kelseys second chance at happiness. The more time she spends with David, the more she realizes she never let him go. And maybe she never wants to
