

When Life Throws You a Curve: One Girls Triumph over Scoliosis

When Elizabeth Golden, a typical 13-year-old student who enjoyed hanging out with friends, playing sports and laughing out loud, was diagnosed with Scoliosis and faced major surgery, she was understandably apprehensive about her future. There was one thing, however, that Elizabeth was quite sure of -- that there would always be others facing similar challenges, and they could benefit by knowing she shared their pain, fear, uncertainty, joy and triumphs. Out of her journal was born *When Life Throws You a Curve: One Girls Triumph Over Scoliosis*.
