

The Lord's Lampposts, is the title I chose for this book due to the fact that the four Christian writers I cover in this book are like lampposts on a dark street. These lampposts help to shine a light and allow us to see clearly, where otherwise we could possibly trip, or be assaulted down a darkened path. I have spent the last three years working on this book, and it has not only been a labor of love, but of necessity too. For today's secular/atheistic forces are hard at work like never before in their attempts to tear down the Catholic Christian teachings that have not only defined the west, but the entire world for so long.
