

## Love: A Guide to Advancing Your Soul

From the author of *Awakening*, this is the book that the world has been waiting for. At the dawn of this new world age, many people across the globe are awakening to their own individuality and spirituality, asking, What am I here for? You are here to advance your soul. For centuries, we have incarnated with the mission to advance, only to forget and be distracted by earthly ego and self-doubt. Millions of us have lost our capacity for joy. We have forgotten how to love. You are a soul on a karmic journey. A soul has been given chance after chance, life after life, to get it right. The world that you have lived in so far is an illusion. All of the striving, doing and collecting, an expression of not knowing what you are here to achieve. At this dawning of our new age, millions of us feel a gap. Love, is the answer. By advancing your soul, you will open up your power for the whole of humanity. As you emerge to find and express your true self, you will become a channel for abundance, peace and joy. Foreword by Dr Robert Holden, expert on happiness.
