

Grace and Luke are among the lucky few who find love early in life. At seventeen, both are equally certain that their love will last a lifetime. But when that love is cut short by forces beyond their control, Grace must answer the question of just how far she is willing to go to get back to Luke. But this is not the typical romantic tale. And just when you think you know where the story is going, you find yourself drawn into a whole new reality, where the fate of an entire world rests upon the choices of this one girl. Prepare to experience the adventure not only through the eyes of these two lovers, but also through the intertwined experiences of a group of remarkable dogs, as Graces journey becomes so much more than her singular quest to return to the one she loves.
