

Is It Possible To Live This Way?: An Unusual Approach to Christian Existence: Hope: 2

Is It Possible to Live this Way, a translation of the first part of Luigi Giussanis Si Puo Vivere Così?, addresses the virtue of hope. A compilation of Giussanis conversations with young people who have chosen the path of the consecrated life in the Church - that is, have chosen to live their lives in the world according to the evangelical counsels of poverty, chastity, and obedience - it proposes an unusual yet reasonable approach to living as a Christian. As in all his works, Giussani encourages young people to be serious about their own existence and loyal to their experience. The conversations reported here are fascinating and insightful, providing support for a way of life that today is frequently questioned, rejected, or censured.
