

Lulu Anew

At the end of yet another unproductive job interview, Lulu, on a whim, takes off for the shore just to get away from it all. She's got a husband and kids left bewildered but it's nothing against them. This is just her time, getting away from the grind and with no other plan than savoring it. Surprised at her own temerity, she meets other people on the edge of the world. It wasn't meant to be for long. It wasn't meant to be anything but in the end thrilling, fun, and possibly dangerous, this improvised experience will make of Lulu a different woman.
