

Nemesis Archives Volume 1 (Archive Editions)

Steve Flint was a crusading private detective - no crime was too small or too big for him to take on, and the criminal underworld quaked in fear at the very mention of his name. But when FBI Director J. Edgar Hoover asks Flint to investigate the Mafias connections to sabotage the race to the moon, the crusading detective took on more than he expected and was murdered by the Mob. For most men the story would end there . . . but Steve Flint is sent back from the great Unknown as a spirit empowered by the Grim Reaper with superhuman abilities, charged with capturing his killers and striking a blow for justice as the ghostly hero Nemesis!
