

True Believer (Make lemonade trilogy)

When LaVaughn was little, the obstacles in her life didnt seem so bad. If she had an argument with Annie or Myrtle, it would never last long. If she fell out with her mother, they would have made it up by bedtime. School was simple. Boys were friends. Everything made sense. But LaVaughn is now fifteen and the obstacles arent going away anymore. Big questions separate her from her friends. Her mother is distracted by a new man. School could slip away from her so easily. And the boy whos miracle in her life acts as if hes in love with her. Only hes not in love with her.
