

The Marriage Restoration Project: The Five-Step Action Plan to Saving Your Marriage

Most marriage books are filled with a lot of extraneous information that could be summed up in 1 or 2 pages. Or, they are written based on generalizations of what couples really do and think. The 5 Step Action Plan is a foundational, short read that teaches you REAL marriage basics, the core of relationship success, and the no fluff way to heal rifts that may be plaguing your relationship. If you'd like to get back to basics and turn your marriage around with real marriage help, read The 5 Step Action Plan.
