

Paranormal Encounters: Be Careful What You Wish For (Volume 2)

TWO ghosts show themselves to you in a WINDOW. You capture their ghostly images. Something CHOKES you in the middle of the night. You think its your imagination. Or was it an apparition? Something KICKS you up into the air about a foot while you are sleeping. You know you arent imagining things. A ghost? A spirit? An angry apparition? Objects JUMP out at you in various places. You dont live in an earthquake prone area.

These are just a few paranormal situations I have encountered over the past several years with my being sensitive to ghosts [a.k.a. spirits, apparitions, hauntings]. As part of a series, Paranormal Encounters: Be Careful What You Wish For (Volume 2) is a 235 page book containing a fascinating dialogue about a variety of paranormal topics and illustrated personal real-life stories. The author, Dr. Kelly Renee Schutz, is not a psychic but a sensitive intuitive, who has encountered several unexplained paranormal situations over the past several years and to date, continues to interact with and analyze paranormal situations. Dr. Schutz has a strong interest in parapsychology and life after death issues. She holds several degrees, is a college instructor, a former legal investigator, artist, and a published academic. She travels the world staying at haunted locations in an attempt to seek out, experience, and explain paranormal events. Dr. Schutz has written a number of illustrated books on her personal experiences with the paranormal and in Volume 4, discusses a wide range of supernatural topics such as dreams, death, hauntings, demons, ghost animals, portals, moon phases, psychics, and spectral sites. Bonus chapters included in most Paranormal Encounters books are the investigator theoretical tool kit, the use of ghost hunting equipment, and debunking unexplained paranormal encounters. As quoted by Dr. Schutz, it makes no

difference to me if you do not believe, science cannot explain everything. Her first four Paranormal Encounters books in the series include: (Book 1) Paranormal Encounters: Attacks, Manifestations, Attachments, and Poltergeists. (Book 2) Paranormal Encounters: Be Careful What You Wish For. (Book 3) Paranormal Encounters: Beyond the Grave. (Book 4) Paranormal Encounters: Defying Naturalism. (Book 5) Paranormal Encounters: Hanging Around.
