

Mary, Queen of Angels

Mary, Queen of Angels is a nondenominational book that follows in the successful vein of two of Doreen Virtue's previous works, *The Healing Miracles of Archangel Raphael* and *The Miracles of Archangel Michael*. Within these pages, Doreen brings forth a collection of true stories from people who have experienced dramatic healings by, and visitations from, Mary. Doreen ties these stories together by category with comments and narrative for those who wish to deepen their own connection to Mary and the angels. *Mary, Queen of Angels* is for people of all faiths and beliefs. It is filled with prayers for various life situations, fascinating discussions about the history of Mary, and details about geographic locations where there have been sightings of her.
