

The Long Goodbye: A Memoir

What is it like to mourn today, in a culture that has largely set aside rituals that acknowledge grief? After her mother died of cancer at the age of fifty-five, Meghan O'Rourke found that nothing had prepared her for the intensity of her sorrow. She began to create a record of her interior life as a mourner, trying to capture the paradox of grief's monumental agony and microscopic intimacies an endeavor that ultimately bloomed into a profound look at how caring for her mother during her illness changed and strengthened their bond. With lyricism and unswerving candor, *The Long Goodbye* captures the fleeting moments of joy that make up a life and the way memory can lead us out of the jagged darkness of loss. Effortlessly blending research and reflection, the personal and the universal, it is a love letter from a daughter to a mother that will touch any reader who has felt the powerful ties of familial love.
