

# My Angel Damo: Walking Through Life After the Death of an Only Child

In your life along the way you will have people pass away. You are sad, and after a couple of weeks or a month your life is back to normal. In this book there is a pain and a sadness that takes you down to your knees. This is a pain that you will never get over and a pain you will never again feel in your life, and that is the death of your child. I hope to help other parents learn to cope and know they are not alone in this horrible path of grief.
