

Necroville (The Necroville Series) (Volume 1)

Over 25,000 reads. Named one of Wattpads Top Zombie Stories. Graduating university is an emotional time for everyone. But when a group of ex-students decide to spend one last night together at a zombie experience facility to create lasting memories, none of them anticipate just how memorable it will turn out to be. It quickly becomes apparent that the undead actors are very good at what they do. Too good. Armed with only an arsenal of Nerf guns, the group quickly figure out that they'll need more than foam bullets and sandwiches to get them through the night.
