

## Inspiration Now! for Accountants

This book will give you the psychological and practical knowledge you must have so that you can turn your dreams and goals into reality! Inspiration Now! For Accountants helps its readers define and implement their dreams and desires for personal and professional happiness and success. It explains the process of visualizing and planning to achieve results no matter what the goal. It talks about time and life management issues and explains how to develop practical, workable goals, strategies and tactics for achieving these objectives. Filled with engaging stories from the authors own personal experiences, the book illustrates the importance of practicing to gain the skills a person needs to succeed, provides hints for maximizing personal performance and talks about the importance of celebrating successes. Central to the books theme is the description of how to use visual image formation to make the reality youd like to live actually happen. It is in itself an inspiring book that will help the reader realize the magic provided by the advice and empower him or her to achieve whatever it is that they desire. If you are even the least bit stuck in any personal, business or professional way, youll want to read Inspiration Now! For Accountants ASAP.
