

A Biblical Theology of Material Possessions:

Some researchers estimate that evangelical Christians give an average of 2 percent of their income to further the kingdom of God. Such a practice reveals a theology of material possessions that is clearly out of line with Gods Word. Gene Getz in an extensive search reveals intriguing, detailed information on the subject of material possessions based on Scripture. The synthesis of this and selected extrabiblical literature resulted in the formation of more than 120 biblical principles that can be applied by any person in any culture. Dr. Getz not only shares these principles but offers guidance for church leaders and laypeople who want to apply them in their church.
