

Neon Genesis Evangelion, Vol. 3

In 2015, the Angels have returned, and Shinji Ikari, a fourteen year-old child of the new Earth, is forced by his father Gendo-commander of the secret organization NERV-to pilot the monstrous biomechanical weapon called Evangelion to match the Angels fearsome power. But the front line is everywhere in Shinjis life; not only at home, but in the school and on the battleground he shares with his fellow pilot-the pale, remote, and beautiful Rei Ayanami...One of the founding members of Gainax, Japans most progressive anime studio, Evangelions Yoshiyuki Sadamoto was also the character designer for their recent Adult Swim smash FLCL. EVA Vol. 3 contains a Japanese sound FX glossary plus a special bonus commentary by the voice of Rei, superstar Megumi Hayashibara!
