

# Marriage and Life after Death: A Model of Regenerative Inculturation

In Africa, the emphasis on family, marriage, and offspring suggest that there is a kind of an unwritten ancestral law that imposes on every male the duty of begetting a son. The reason is because the core of African soteriology is centered on offspring. The predicament of the childless couples, therefore, stems from the desire for immortality and salvation that culminates in the admission of the dead into the ancestral world. This quest for salvation and immortality constitute social, emotional, psychological, and spiritual problems for Christian as well as non-Christian childless couples.
